ABOUT YOUR CALENDAR

1. Who stars in this calendar? — tap one:

☐ One child ☐ All my children ☐ Our whole family ☐ My pet(s)

2. Name for the cover — how the calendar should be titled (like "The Miller Family — 2027", "Emma's Year of Fun", or "Our Grandbabies 2027"):

3. Names of everyone featured (children, family members, or pets — spelled exactly how you'd like them, in case names appear on the calendar):

YOUR 13 PHOTOS

Your calendar needs 13 photos: ONE for the cover, and ONE for each month (January–December 2027). Please send your 13 photos back WITH this form — phone photos are perfect! Clear, bright photos look best, and sideways (landscape) photos fit the calendar pages best of all. If you can, label each photo with its month ("Cover", "January", "February"...) — a birthday photo for their birthday month, a beach photo for July, a Christmas photo for December!

4. Anything I should know about the photos? (which one MUST be the cover, one that has to land on a certain month, anything like that):

SPECIAL DATES TO PRINT ON YOUR CALENDAR

I'll print your family's special days right on the calendar — birthdays, anniversaries, gotcha days for pets, any day that matters. Write the date and whose (or what's) day it is, and how you'd like it to read (example: "March 14 — Grandma's Birthday"). One line per month is fine — list as many as you like!

5. January — special dates (date + whose/what):

6. February — special dates (date + whose/what):

7. March — special dates (date + whose/what):

8. April — special dates (date + whose/what):

9. May — special dates (date + whose/what):

10. June — special dates (date + whose/what):

11. July — special dates (date + whose/what):

12. August — special dates (date + whose/what):

13. September — special dates (date + whose/what):

14. October — special dates (date + whose/what):

15. November — special dates (date + whose/what):

16. December — special dates (date + whose/what):
